NEWS SUMMARY.

The Nashville Banner and Union and American are pulling each other over the "Reform" movement. "Fight dog, fight bear," &c.

The people endorse the CHRONICLE's war on public corruption and partisan meanness at Nashville. As proof of this circulation is extending rapidly every day.

Crawf Vaughan is likely to win considerable renown as a "resolvent." His grammar and English attract attention abroad and reflect credit (?) upon a State that has chosen him for her second officer.

Col. Colyar spoke at Nashville Saturday night, and said that the fact that the Knoxville CHRONICLE and Memphis Appeal both opposed the "Reform" movement indicated that there was some merit in it. Well, is the fact that the CHRONICLE and Appeal oppose the "printing swindle" proof that there is merit in this cesspool?

Our Nashville Letter.

NASHVILLE, Oct. 14, 1871.

EDITORS CHRONICLE: The Legislature moves along slowly. A great many measures have been or will be introduced, looking to reformation and reform, but nearly all of them are more or less impracticable. They evince, however, a commendable disposition.

The Trigg resolution was voted down in the House. Perhaps Judge Trigg will thank Vaughan for introducing it, and perhaps he will not. Your Nashville letter on the subject had been extensively read in the House before the resolution came up.

A resolution was adopted in the Senate to-day looking to the enforcement of the constitutional provision which denies

PAY TO MEMBERS ABSENT, unless physically unable to attend. A similar provision has been adopted in the House. Some of the members feel a little sensitive on the subject; they don't like to be harnessed up so tight.

THE PRINTING QUESTION will receive a thorough investigation on the part of some member at least. Gibson introduced a bill this morning which, if adopted, will largely reduce the cost of public printing. But it is one thing to introduce a bill and another to get it passed. And I will illustrate this by Speaker Vaughan's experience to-day. The Speaker had introduced

A BILL TO INCREASE WITNESS' FEES, but after a long discussion in the Senate this morning it received only Vaughan's own vote in a call of the yeas and nays. Such is the common fate of bills.

I heard of a passage at arms in the Senate yesterday. Senator Tolley, Chairman of the Committee on Printing, inquired of Senator Gibson whether he imputed that any member of the Senate had anything to do with the

Whereupon the Senator from Campbell informed the Senate that Senator Tolley had admitted to him in the presence of the Senator from Roane that he, Tolley, had been approached by a Printing Ring and had some thought of getting an interest. This declaration created great sensation, and was a decided "thou art the man."

No further questions were propounded to the Senator from Campbell.

Fruit Trees.

MESSRS. EDITORS.—Nearly twelve months since, I warned our farmers against the impositions annually practised on them by fruit tree sellers. This is the season for their annual visit, and I again put the people on their guard. The monstrous prices generally charged by them are down-right extortions.

Let me give the people what are about fair prices for fruit trees, delivered:

Pear Trees, from 40 to 50 cents each.
Peach " " 20 to 25 " "
Apple " " 20 to 25 " "
Cherry " " 25 to 40 " "
Plum " " 25 to 40 " "
Grape Vines, 15 to 25 " "
Strawberry Plants, \$1.00 to \$2.00 per 100.

The new, rare and very superior varieties can not be had at the above prices; but such as are usually offered for sale can be. And I will tell you where you can get them at these prices, and get a genuine article at that.

You can get peach, apple, cherry, plum and pear trees of Gunn & French, Knoxville, of Capt. S. N. Bell, Knoxville, of Bell, Loudon, and Gaines & Ward, Philadelphia, Tenn. I personally know all these gentlemen—have dealt with most or all of them, and know them all to be reliable. You can depend on any of them.

As for strawberry plants, grape vines, raspberries, &c., you can find the best varieties at Mrs. Crouch's, or with the gardener on Judge Temple's farm, near this city.

Most of the persons above named sell trees raised by themselves. They can therefore furnish them fresh, and such as are new and of the best quality brought from the North will most probably prove to be a full apple here; so also of the pear.

I write this alone to prevent the farmers from being imposed upon as they have been. It will be their fault if, hereafter, they pay \$5 a hundred for Wilson's strawberry plants, or one dollar for pear trees, or from fifty to seventy-five cents for Concord grape vines, and so of the whole catalogue. Such are the prices frequently charged.

From twenty-five to fifty thousand dollars are each year sent out of East Tennessee for fruit trees. Better trees can be had for half the price in our own nurseries, in our own midst, and such as suit the climate. These nursery-men have all the leading varieties. They deserve encouragement. It is folly to send off this large sum of money. I have purchased from these men, and know they have as good trees as any in the land. I have no interest in their nurseries, and am actuated alone by a desire to put a stop to the swindling operations of fruit tree peddlers.

Coke County News.

NEWPORT, TENN., Oct. 12, 1871.

EDITORS CHRONICLE: On last evening in the 7th district 4 miles west of this place, as Mr. A. Kinley, a well-known citizen of Newport, was passing through the woods en route from Mr. Ottinger's saw-mill home, he was horror-stricken on finding Mr. Joel Rains, Jr., lying dead with a large log across his breast. It was an accident, a little son of J. A. Hill, Esq., and Col. Wm. Jacks, all of this county, (Coke.) On returning they came down the Big Falls, on Sinking Creek, in said mountain, and found the dead body of a female, naked, in the water. Some

portions of dressing or apparel were yesterday found near. To-day, Coroner D. B. McMahon will hold an inquest. How long she has been in the water, or how, as yet, is unknown.

Since writing the above, I am informed that Mr. — Shrader, of Sevier county, has seen the body and recognized the same as his wife, who left home some fifty or more days since in a state of insanity, and had not been heard of since, though diligent search had been made through the mountains and neighborhoods.

B.

The Holston Conference of the Methodist Episcopal Church, South, meets this evening at Morristown. About two hundred preachers are expected to be present, hence the little city is testing its capacity to the utmost. It is said that very wagon and cart in the vicinity has been engaged to take the overflow into the country. One good feature of the occasion is that all liquor shops will be closed by order of the corporate authorities during the sitting of the Conference.

Election Returns.

Election returns come in slowly. Only seven districts in this county have been heard from officially, which foot up as follows: Ellis 287, Caldwell 462 and McBeth 134. Unofficial advices from Sevier with all except five districts heard from give Ellis 294, Caldwell 166, and McBeth 20, thus leaving Caldwell 47 ahead. The vote has been remarkably light, one large district in this county—the 18th—only polling twelve votes.

To the Public.

The undersigned would respectfully announce to his friends and the public of Knoxville generally, that he has removed his bar room to the corner of Gay and Aylmest Street, opposite Messrs. Vinton & Bro.'s Grocery Store. Thankful for the liberal patronage heretofore extended to him, he hopes his old friends will visit him occasionally at his new stand.

GREATEST MEDICAL DISCOVERY OF THE AGE.

Dr. Fowler's Compound Extract,

FOR THE CURE OF

Scrofula, Syphilis, Liver Complaint, Consumption, Chronic Rheumatism, Diseases of the Kidneys and Bladder, and All Blood Impurities.

We offer to the American public a new and valuable remedy for the above-mentioned diseases. Fowler's Compound Extract is composed of the best medicines known to Materia Medica. It is perfectly pure in all its ingredients, being composed of several well-known articles universally used by the best physicians, each of which—in combination—supplies what experience has shown to be wanting when singly employed; but the result of patient investigation, requiring time, labor and skill, so as to give the public a genuine article, which can be relied upon, and in place of the worthless and dangerous Patent Medicines flooding the country; and therefore enables us to warrant Fowler's Compound Extract to be the most perfect curative for diseases of the blood ever discovered.

SCROFULA.

This compound is a never-failing cure for this terrible disease. How many diseases have their seat in the blood—diseases which have been treated in vain for years. If the blood alone is purified, in most cases health and happiness will soon return. Dr. Fowler's Compound acts especially upon the virus in the blood, causing in time the disappearance of the hideous sores, and restoring the skin to a beautiful appearance, the eye clear and sparkling, and the whole human organization becomes healthy.

SYPHILIS.

Of all diseases which flesh is heir to, none bring so much misery, moral and physical, as Syphilis. To all so afflicted we can truly say this remedy will help you. Two articles found, by experience, to be peculiarly efficacious for this disease are contained in this compound. We ask you to try Dr. Fowler's Compound Extract, and, by giving it a fair trial, it will cure you.

We speak with much confidence of Dr. Fowler's Compound, because we know what it is composed of, and what it will do. We know Dr. Fowler well, who is a physician of known repute, standing second to none in the country, of long experience, an honorable man, who, having a reputation for character, as well as ourselves, would never allow a medicine to go before the public without merit. And we say of this Compound, if taken according to directions, after a fair trial, it will do all we claim for it.

We offer it as a new discovery, which it certainly is—a genuine article for Scrofula, Syphilis, and all blood impurities; and knowing the genuineness of it, as such we send it forth, saying, "Go, Heal the Suffering!"

ORPHANS' CONCERT!

BY THIRTY CHILDREN,

FROM LAUDERDALE SPRINGS, MISSISSIPPI.

Orphans' Home.

FELLOW CITIZENS: By the urgent solicitation of the Trustees of this Home, we have been conducting a series of Concerts for the benefit of

Helpless Children of the Confederate Dead.

This year we provide for 200 children. About 100 are now asking for admittance into the Home. Will you help us provide for them? While most of these are the children of fallen Confederate Soldiers, a majority of them are the children of Masons and Odd Fellows.

"One of the largest and most fashionable audiences which ever assembled in our Theatre was present last night to greet the sweet little orphans from Lauderdale, Miss. There were about thirty of these little children on the stage, and their singing was as sweet as the warbling of the mocking bird."—(Alabama State Journal, Administration Organ, Montgomery, Ala.)

"The Theatre last evening on the occasion of the Concert by the Confederate Orphans, was literally jammed and packed by a patriotic and sympathetic audience, anxious to hear the tender voices of the little ones. The reception of the Orphans in our city and the interest manifested by the citizens, was a rare occasion, and, for the sake of the past, the present, and the future, we are glad that it was so."—(Savannah News.)

Our boys are now making the brick, and we are endeavoring to raise means to build more substantial houses that the children may be taken from their old shanties before another winter, and that these houses may stand to bless orphans yet unborn.

Come out and hear the children, the scene will awaken the better emotions of your hearts.
